2279P3800X
PALLIATIVE/HOSPICE
Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

2279P3800X Palliative/Hospice Registered Respiratory Therapist

Taxonomy Code	2279P3800X
Status	Active
Level	Level III Area of Specialization
Short Name	Palliative/Hospice
Full Name	Palliative/Hospice Registered Respiratory Therapist
Level I, Provider Grouping	Respiratory, Developmental, Rehabilitative and Restorative Service Providers
Level II, Classification	Respiratory Therapist, Registered
Description	A coordinated plan of care to help dying patients and their families handle the burden of terminal care. Effective secretion management and relief of dyspnea are paramount in caring for patients with end-stage pulmonary disease.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
