207P00000X
EMERGENCY MEDICINE
Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

207P00000X Emergency Medicine Physician

Taxonomy Code	207P00000X
Status	Active
Level	Level II Classification
Short Name	Emergency Medicine
Full Name	Emergency Medicine Physician
Level I, Provider Grouping	Allopathic & Osteopathic Physicians
Level II, Classification	Emergency Medicine
Description	An emergency physician focuses on the immediate decision making and action necessary to prevent death or any further disability both in the pre-hospital setting by directing emergency medical technicians and in the emergency department. The emergency physician provides immediate recognition, evaluation, care, stabilization and disposition of a generally diversified population of adult and pediatric patients in response to acute illness and injury.

Board certification for Doctors of Osteopathy (DOs) is provided by the American Osteopathic Board of Emergency Medicine.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
