## 207VF0040X UROGYNECOLOGY AND RECONSTRUCTIVE PELVIC SURGERY Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

## 207VF0040X Urogynecology and Reconstructive Pelvic Surgery (Obstetrics & Gynecology) Physician

Taxonomy Code	207VF0040X
Status	Active
Level	Level III Area of Specialization
Short Name	Urogynecology and Reconstructive Pelvic Surgery
Full Name	Urogynecology and Reconstructive Pelvic Surgery (Obstetrics & Gynecology) Physician
Level I, Provider Grouping	Allopathic & Osteopathic Physicians
Level II, Classification	Obstetrics & Gynecology
Description	A subspecialist in Urogynecology and Reconstructive Pelvic Surgery is a physician in Urology or Obstetrics and Gynecology who, by virtue of education and training, is prepared to provide consultation and comprehensive management of women with complex benign pelvic conditions, lower urinary tract disorders, and pelvic floor dysfunction. Comprehensive management includes those diagnostic and therapeutic procedures necessary for the total care of the patient with these conditions and complications resulting from them.
Additional Information	Source: American Board of Medical Specialties, 2011. [1/1/2012: new, 7/1/24: modified] Resources: www.abms.org

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
