207WX0110X

PEDIATRIC OPHTHALMOLOGY AND STRABISMUS SPECIALIST

Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

207WX0110X Pediatric Ophthalmology and Strabismus Specialist Physician

Taxonomy Code	207WX0110X
Status	Active
Level	Level III Area of Specialization
Short Name	Pediatric Ophthalmology and Strabismus Specialist
Full Name	Pediatric Ophthalmology and Strabismus Specialist Physician
Level I, Provider Grouping	Allopathic & Osteopathic Physicians
Level II, Classification	Ophthalmology
Description	An ophthalmologist who specializes in pediatric ophthalmology and strabismus management. The subspecialty includes the medical and surgical management of eye disorders found in children. Some of the more common disorders include amblyopia, strabismus, refractive error, cataract and glaucoma. These disorders may be related to neurological and endocrinological diseases, trauma, or aging changes in the extraocular muscles requiring medical, optical and surgical management.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
