OCCUPATIONAL MEDICINE
Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

2083X0100X Occupational Medicine Physician

Taxonomy Code	2083X0100X
Status	Active
Level	Level III Area of Specialization
Short Name	Occupational Medicine
Full Name	Occupational Medicine Physician
Level I, Provider Grouping	Allopathic & Osteopathic Physicians
Level II, Classification	Preventive Medicine
Description	Occupational medicine focuses on the health of workers, including the ability to perform work; the physical, chemical, biological, and social environments of the workplace; and the health outcomes of environmental exposures. Practitioners in this field address the promotion of health in the work place, and the prevention and management of occupational and environmental injury, illness, and disability.
Additional Information	Source: American Board of Medical Specialties, 2007. www.abms.org [7/1/2007: definition added, source added] Additional Resources: American Board of Preventive Medicine, 2007. http://www.abprevmed.org/. Board certification for Medical Doctors (MDs) is provided by the American Board of Preventive Medicine.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
