224ZE0001X ENVIRONMENTAL MODIFICATION Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

224ZE0001X Environmental Modification Occupational Therapy Assistant

Taxonomy Code	224ZE0001X
Status	Active
Level	Level III Area of Specialization
Short Name	Environmental Modification
Full Name	Environmental Modification Occupational Therapy Assistant
Level I, Provider Grouping	Respiratory, Developmental, Rehabilitative and Restorative Service Providers
Level II, Classification	Occupational Therapy Assistant
Description	Occupational therapy assistants provide environmental modifications under the supervision of an occupational therapist. OTAs develop and implement an individualized occupational therapy environmental modification plan that reflects the relevant contexts of the client and relevant others and maximizes current and future occupational performance, safety, and participation of the client. Clients receive environmental modification recommendations and interventions that enable them to meet occupational performance and participation goals and that have adequate flexibility to accommodate for their future needs.
Additional Information	Source: The Guide to Occupational Therapy Practice, 2nd edition. Bethesda: American Occupational Therapy Association, 2007. [7/1/2008: new] Additional Resources: The American Occupational Therapy Association (AOTA) does offer voluntary specialty certification for an Environmental Modification Occupational Therapy Assistant if the applicant meets the following requirements: Professional or technical degree or equivalent in occupational therapy. Certified or licensed by and in good standing with an AOTA recognized credentialing or regulatory body. Minimum of 2,000 hours of experience as an occupational therapist or occupational therapy assistant. 600 hours of experience delivering occupational therapy services in the certification area to clients (individuals, groups, or populations) in the last 3 calendar years. Service delivery may be paid or voluntary. Verification of employment. Fact Sheet: Home Modifications and OT, AOTA Website: Specialty Certifications

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
