

**225600000X**  
**DANCE THERAPIST**  
**Healthcare Provider Taxonomy Code Set**

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

**225600000X Dance Therapist**

<i>Taxonomy Code</i>	225600000X
<i>Status</i>	Active
<i>Level</i>	Level II Classification
<i>Short Name</i>	Dance Therapist
<i>Full Name</i>	Dance Therapist
<i>Level I, Provider Grouping</i>	Respiratory, Developmental, Rehabilitative and Restorative Service Providers
<i>Level II, Classification</i>	Dance Therapist
<i>Description</i>	The dance therapist, sometimes called a movement therapist, focuses on rhythmic body movements as a medium of physical and psychological change. Dance therapy is practiced more often with mental health patients than with physically disabled patients. A master's degree is required by the American Dance Therapy Association to award the credentials Dance Therapist Registered (DTR).

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
