

227800000X

**RESPIRATORY THERAPIST, CERTIFIED
Healthcare Provider Taxonomy Code Set**

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

227800000X Certified Respiratory Therapist

<i>Taxonomy Code</i>	227800000X
<i>Status</i>	Active
<i>Level</i>	Level II Classification
<i>Short Name</i>	Respiratory Therapist, Certified
<i>Full Name</i>	Certified Respiratory Therapist
<i>Level I, Provider Grouping</i>	Respiratory, Developmental, Rehabilitative and Restorative Service Providers
<i>Level II, Classification</i>	Respiratory Therapist, Certified
<i>Description</i>	A Certified Respiratory Therapist (CRT) is a an entry level therapist who has passed a standardized written examination administered by the National Board for Respiratory Care (NBRC). CRTs provide diagnostic testing, therapeutics, monitoring, rehabilitation, and education to patients with disorders of the cardiopulmonary system. They provide these respiratory care services in all health care facilities and in the home. A CRT is a graduate of an associate degree program approved by the Commission on Accreditation of Allied Health Educational Programs (CAAHEP) and where applicable, is licensed by the state and is practicing within the scope of the license.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
