235Z00000X
SPEECH-LANGUAGE PATHOLOGIST
Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

235Z00000X Speech-Language Pathologist

Taxonomy Code	235Z00000X
Status	Active
Level	Level II Classification
Short Name	Speech-Language Pathologist
Full Name	Speech-Language Pathologist
Level I, Provider Grouping	Speech, Language and Hearing Service Providers
Level II, Classification	Speech-Language Pathologist
Description	The speech-language pathologist is the professional who engages in clinical services, prevention, advocacy, education, administration, and research in the areas of communication and swallowing across the life span from infancy through geriatrics. Speech-language pathologists address typical and atypical impairments and disorders related to communication and swallowing in the areas of speech sound production, resonance, voice, fluency, language (comprehension and expression), cognition, and feeding and swallowing.
Additional Information	"Scope of Practice in Speech-Language Pathology", American Speech-Language-Hearing Association, 2013.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
