

**251B00000X**  
**CASE MANAGEMENT**  
**Healthcare Provider Taxonomy Code Set**

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

**251B00000X Case Management Agency**

<i>Taxonomy Code</i>	251B00000X
<i>Status</i>	Active
<i>Level</i>	Level II Classification
<i>Short Name</i>	Case Management
<i>Full Name</i>	Case Management Agency
<i>Level I, Provider Grouping</i>	Agencies
<i>Level II, Classification</i>	Case Management
<i>Description</i>	An organization that is responsible for providing case management services. The agency provides services which assist an individual in gaining access to needed medical, social, educational, and/or other services. Case management services may be used to locate, coordinate, and monitor necessary appropriate services. It may be used to encourage the use of cost-effective medical care by referrals to appropriate providers and to discourage over utilization of costly services. Case management may also serve to provide necessary coordination of non-medical services such as vocational rehabilitation, education, employment, when the services provided enable the individual to function at the highest level.
<i>Additional Information</i>	Source: CMS State Medicaid Manual Section 4442.3 [7/1/2006: definition modified]

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
