**Healthcare Provider Taxonomy Code Set**

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

**251C00000X Developmentally Disabled Services Day Training Agency**

<i>Taxonomy Code</i>	251C00000X
<i>Status</i>	Active
<i>Level</i>	Level II Classification
<i>Short Name</i>	Day Training, Developmentally Disabled Services
<i>Full Name</i>	Developmentally Disabled Services Day Training Agency
<i>Level I, Provider Grouping</i>	Agencies
<i>Level II, Classification</i>	Day Training, Developmentally Disabled Services
<i>Description</i>	These agencies are authorized to provide day habilitation services to developmentally disabled individuals who live in their homes. The function of day habilitation is to assist an individual to acquire and maintain those life skills that enable the individual to cope more effectively with the demands of independent living. Also to raise the level of the individual's physical, mental, social, and vocational functioning.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
