314000000X
SKILLED NURSING FACILITY
Healthcare Provider Taxonomy Code Set

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. Healthcare Provider Taxonomy Codes are designed to categorize the type, classification, and/or specialization of health care providers.

314000000X Skilled Nursing Facility

Taxonomy Code	314000000X
Status	Active
Level	Level II Classification
Short Name	Skilled Nursing Facility
Full Name	Skilled Nursing Facility
Level I, Provider Grouping	Nursing & Custodial Care Facilities
Level II, Classification	Skilled Nursing Facility
Description	(1) A skilled nursing facility is a facility or distinct part of an institution whose primary function is to provide medical, continuous nursing, and other health and social services to patients who are not in an acute phase of illness requiring services in a hospital, but who require primary restorative or skilled nursing services on an inpatient basis above the level of intermediate or custodial care in order to reach a degree of body functioning to permit self care in essential daily living. It meets any licensing or certification standards et forth by the jurisdiction where it is located. A skilled nursing facility may be a freestanding facility or part of a hospital that has been certified by Medicare to admit patients requiring subacute care and rehabilitation; (2) Provides non-acute medical and skilled nursing care services, therapy and social services under the supervision of a licensed registered nurse on a 24-hour basis.
Additional Information	Source: (1) "Glossary of terms used in managed care" Developed by the Managed Care Assembly (MCA) of Medical Group Management Association (MGMA), MGM Journal, September/October 1995, p. 64; (2) AHA Guide, 1996 Annual Survey.

The Healthcare Provider Taxonomy Code Set is a hierarchical code set that consists of codes, descriptions, and definitions. That Code Set is available from the Washington Publishing Company. The Code Set is maintained by the National Uniform Claim Committee. The Code Set is a Health Insurance Portability and Accountability (HIPAA) standard code set. As such, it is the only code set that may be used in HIPAA standard transactions to report the type/classification/specialization of a health care provider when such reporting is required.
